RESPONSE TO OFFICE ACTION

SIR:

In response to the Office Action mailed February 27, 2002, the undersigned submits this response and requests that the following modifications be made to the pending application.

Please charge any applicable fee to Kenyon & Kenyon's deposit account no. 11-0600.

IN THE CLAIMS:

Please amend the claims to read as follows:

1. (Amended) A system for delivering therapeutic to an irregular interior vessel surface comprising:
- a catheter having a proximal end, a distal end, and an internal lumen;
 - a source of fluid in communication with the internal lumen of the catheter; and
 - a first inflatable balloon having an exterior surface,
 - the first inflatable balloon in communication with the internal lumen of the catheter,
 - the first inflatable balloon being hyper-deformable such that in an expanded state
- the first inflatable balloon replicates the irregular interior vessel surface, and
- the exterior surface of the first inflatable balloon in communication with a therapeutic when the first inflatable balloon is in an expanded state.
